Give Weeds the pounding they deserve

DiFlexx® DUO herbicide provides powerful postemergence control against the full range of tough weeds, especially glyphosate-resistant ones.

POWERFUL WEED CONTROL

DiFlexx DUO has the power to take out tough-to-control weeds, including glyphosate-resistant Palmer amaranth, waterhemp, ragweed and marestail.

RESISTANCE MANAGEMENT

Two effective sites of action provide built-in resistance management for driver weeds.

¹See label for full listing of weeds controlled.
²Partial control: Partially controlled weeds will be stunted in growth and/or be reduced in number as compared to untreated areas; performance may not be commercially acceptable. The degree of weed control will vary with application rate (higher rates = improved control), weed size, weed density, spray coverage and/or growing conditions.
